

**The Poplar Point
Camp Newsletter**
Summer 2010

Greetings from Poplar Point Camp! It has been a hot and busy summer here. We had a total of **584 campers** over the nine weeks in June and July. Alliance camps were down a little in attendance this summer, but the kids who were here had a great time. Teen camp's theme was "Consumed" and **Jonathan Lankford** was the speaker. Jonathan challenged teens and leaders alike to be consumed with

sharing the Gospel, not hold it inside. **Russ Brown** was the speaker for Kid's camp. He used balloon animals, puppets, and illusions to demonstrate how God reveals Himself through His creation as well as through the Bible. It was so exciting to see the Lord move through these men to bring young people to Himself!

The non-Alliance groups that we hosted had similar stories to tell of lives being changed by the Gospel while they were here at camp. It is a blessing to be able to watch God move each week throughout the summer. It makes all the hard work worthwhile!

A big "**thank you**" goes out to all our wonderful volunteers! God sends many great people to help us in just the right way at the right

time. Our volunteers really make what we do possible. Thanks so much to all our supporters, especially our faithful 20/200 members who make the ministry of Poplar Point Camp possible by supporting us year-round. We would also like to thank everyone who prays for the camp. It was a fairly injury-free summer for the campers, which is amazing considering how hard they play while they are here! Continue to pray for us as we head into the fall season.

As many of you already know, we are hoping to be able to build a gym this year to be able to host more cool weather groups. It will also be great during the summer when storms pop up. Please pray for wisdom in all the decisions that will need to be made

regarding this, as well as for the funds to come in to make this possible. **If you would like to give towards the gym project, please contact us as soon as possible.**
Let's make it happen!

Upcoming Events:

- Impact 2011:
January 14-17
- Teen Camp 2011:
May 29-June 3
- Kids' camp 2011:
June 5-10
